Committee Training with Keith Ballantyne CNZ South Island Manager

Keith will be making his way down to Otago & Southland for the week leading up to our Meeting on the Saturday. Keith has organised Committee Training & a Question & Answer Session after the Training in various Clubs in the region. Please contact me, if you wish your committee to attend a training. These sessions are well worth the time and effort, as we all know there is a fine line between Management and Governance, this line is crossed all too often and a lot of the time with dier consequences.
