General Business:-

Question raised around discussing prior to game strategy of play (ie. Calling the joker) – this was not accepted as fair play. However, any rules changes can be put in a remit and presented to the Rules Committee.

Discussion around picking up the discarded kitty. This was frowned upon and considered cheating. Again this needs to be clarified by the Rules Committee.

Discussion around showing the kitty. This was not a breach of rules and should not have been a loss of game. However, it is something that should not be done during play. Some members felt that the cards shown should be considered the same as a card played out of turn or dropped and should be left on the table. Again, this needs to be clarified by the Rules Committee.

Terry Ray explained that the Rules Committee meet each year at the Nationals and that any remit needed to be presented within 20 days prior.

Warren Pearce said that he was no longer on the committee and that he did not know who was.

No other business and the meeting closed: 5.45pm.
