The raised och'e shall be 50mm in height and must be fixed in a stable manner. Preferably the centre of the och'e should be marked, and where marked must be at right angles to the face of the board and in line with the centre of the bull. The distance from the plumb line to the centre of the och'e (measured from the rear of the och'e) shall be 237cm. This means that both feet (inclusive of footwear) must be behind, and not on, the line of the och'e when throwing. All measurements shall be in the horizontal and vertical and right angles.

The point of entry determines the position of the dart. **THE DART MUST NOT BE SHIFTED TO DETERMINE THE POINT OF ENTRY.** If the darts are the same distance from the bull or both have lodged in the bull a replay of the bull-up is required. If the second thrower's dart dislodges the first then both players must throw again.
- (d) The winner of the bull-up shall have the option of throwing first.
- (e) A foul incurred in throwing for the bull shall constitute loss of shot. The failure of the dart to lodge in the board constitutes no shot, provided no foul has been incurred, and must be thrown again.

- (a) All games shall start and finish with a double, except special promotional and international games as directed by the Executive.
- (b) To finish a leg, the total that is scored must equal the number remaining from the previous throw. Should a player obtain more than, or one less than, the requisite number with any three (3) darts, the score will not count and the previous remaining score shall stand.

 501 \\

 409
 \end{array}$$

If a dart rests on top of others, the point of the resting dart must be touching the board to score.
  - (g) Any dart which, in the opinion of the Caller or Chalker or Line Umpire, is thrown illegally shall constitute a foul and shall be announced to the player concerned as "Foul Dart" immediately after the occurrence of such foul. A foul dart shall not score but shall remain in the board until all darts are retrieved.
81. The Chalker, and where applicable Caller and Line Umpire, shall be responsible for ensuring that all rules are adhered to and shall watch for such things as footwear behind the och'e, correct scores being called and calculated, and unfair tactics such as excessive talking by players, walking straight back towards the next player standing at the och'e etc, etc...
82. A player's throw shall be deemed to be completed when the darts are retrieved.
83. The Chalker, or Caller or Line Umpire, shall be appointed by the Games Controller or, where no Games Controller exists, by the respective Captains.
84. (a) Where possible a Caller or Chalker shall indicate to the player when a starting double is scored. If that dart falls out after being indicated, it stands as a score. If the starting double is incorrectly called, i.e. not a double, such score shall be invalidated.
- (b) Where possible a Caller or Chalker shall indicate to the player when a finishing double has been scored, providing that the total scored equals the number remaining at the commencement of the throw.
- (i) N.B - Any information given by the Caller or Chalker regarding score is advisory only. It is the player's responsibility to ascertain that the score has been correctly calculated.
  - (ii) Any dart thrown by a player after scoring the required finishing double shall not be counted as part of the score. The leg, set or match concerned is concluded by the dart scoring the required double.
85. The Caller or Chalker may advise a player of the number remaining but must not tell the player how to hit it, e.g. the player can be told "40 left" not "double 20". It is not permissible for any other person to inform the player of the number required or how to hit it once the player addresses the och'e.
86. ONCE A PLAYER, OR A MEMBER OF THE SAME TEAM, HAS PLAYED ON THEIR OWN SCORE, NO ALTERATION MAY BE MADE TO THAT SCORE.
87. If any attempt is made to throw a dart at the board, even though the dart may not lodge in the board, it shall be deemed a thrown dart.
88. If there is a dispute by a player against any decision made by the Caller, Chalker, or Line Umpire, a Referee shall decide and his/her decision is absolute. The Referee shall be the Games Controller or his/her nominee(s). The term 'absolute' shall be interpreted in this context as being applicable to the immediate duration of the game (see rule 66).
