General Business

Michaela Bowden We only had 4 entries for the Billiards tournament, is there a minimum number of entries before the tournament is cancelled.

Terry Ray It is up to the individual clubs to decide if the number of entries is viable to host the tournament, we are working on the sports handbook and that will have a minimum number of entries required to have the tournaments.

Rob Elvin The dress code for some of the players attending this tournament was poor, a decision must be made on whether it should be full dress or totally casual.

## General Discussion Followed

Terry Ray                      The dress code must be on the entry forms, we will ensure it is correct going forward.

D Jensen                      If a player turns up in casual gear, he/she will lose the first frame and get 5mins to change into full dress code.

Decision                      Full dress code in the future. **Carried**

B Jones                      Papatoetoe Club charges \$10 per hour to use the snooker tables.

Terry Ray                      That is up to the Club they have the right to set charges as they see fit.
